Dear Wayne  
I just received  
note. I want  
happy with  
daughter  
bed. I agree  
you after  
getting  
for a  
has already

than  
wish  
but

I received the blanket and your kind  
letter to let you know I am very  
happy in the blanket and so is my  
daughter who immediately put it on her  
and I can't wait to work with  
my trapping season is over and  
my furs ready for tanning. I work  
for a large company and communication  
has always been the key to keep things  
moving along. You have shown me that you  
are quick to get problems resolved and  
make things easier for all involved. I  
thank you and commend you for that. I  
wish you a successful 2011 and I hope my  
business with you helps to meet that goal.

Sincerely,  
Pat Donnelly

## PLUCKING

## SHEARING

## DYEING

### SHOULD I CHOOSE THE COLOR ADDED OR DYEING PROCESS FOR MY FURS?

If you feel your pelts do not match, check that section of the order form. We'll look over your pelts carefully. If it is recommended, we let you know. You will choose if you want this matching color service added.

### CAN I TELL IF THE COLOR BLENDING OR DYEING PROCESS HAS BEEN DONE?

No, the whole garment bundle will look natural and uniform. Just like you selected the best matched bundle from hundreds of pelts. The color blending does not come out or even fade. Almost all beaver garments sold in the retail fur stores have the color added process. It adds to the richness of the furs.

### COLOR ADDED (RACCOON)

The under fur is blended with a tint to make them all appear uniform and natural. Blueing is added on fur garments to make them appear natural and uniform. Allow 2 months additional time of processing.

#### Natural Beaver Jacket

A. Wing Collar, Dolman Sleeves, Zipper,  
7 Pelts, \$694

#### Plucked, Sheared & Dyed Beaver Stroller

B. Full Collar, Dolman Sleeves,  
Slender Style, 10 Pelts, \$711

### BLENDING (BEAVER)

The under fur is darkened and blended more uniform. Your garment will look like you selected your pelts from the finest 1000 graded pelts at the fur auction. Allow 2 months additional time for this process. See picture of beaver parka on back cover. Add \$15 per pelt to make your fur look the finest possible.

### DYEING (BEAVER OR MUSKRAT)

The whole pelt is uniform throughout. Black or deep brown (Matera) is normal.

We work with some of the best dyers in the world. Add \$28 for beaver & \$10 for muskrat. Allow 2 months additional time of processing.

**PLUCKING/SHEARING** Only the finest heavy winter or spring beavers qualify for this process. The guard hairs are removed from the pelt. Then the silky under fur is sheared to 15 mm. This is extremely soft and silky. This process is considered by many to be the ultimate in north American furs. Plucked, sheared & dyed beaver coats retail for over \$7,500. Yet through USA Foxx you can have the same quality (using your own pelts) for around \$1,500.

A tremendous saving. We charge \$38 to pluck & shear your beaver or \$66 to pluck, shear and dye your pelt most any color. This is the current trend for furs nationwide at most exclusive fur stores.

\* For the premium plucked and sheared beaver garments, request double shearing, grooving or diamond cut process for only \$100.

**BLEACHING** This process will remove about 75% of the color in a pelt, it will appear much lighter. Normally the darker color in the gretzen (center or the back) is still present, but the body and belly fur is quite a bit lighter. This works wonderful on raccoon, marten, muskrat and even beaver. For the pale beaver of western USA the pelts will appear almost white and for the beaver from the Midwest or eastern beaver, the pelts will be a cream color. This is a very attractive method of enhancing the appearance of the pelts.

### HOW MUCH PER PELT ?

|         | Color<br>Added | Dye or<br>Bleach | Shear<br>Only | Pluck<br>& Shear |

Dear USA Foxx & Furs,

My husband and I wanted to express our gratitude to your company for creating my beautiful beaver coat. We were extremely pleased and satisfied by the way it came out. It was a perfect fit! I enjoyed wearing it the first time at a Christmas Party last week. It drew a lot of recognition and your crew should be commended upon doing a fabulous job. My husband has been a trapper for over 50 years and he was proud to present this gift to me as an accomplishment of his hard work throughout the years. Again thank you and have a Happy Holiday Season.

## Third.

Now that you've selected out your coat length & style on page 19, you are ready to pick the details of the coat to accent YOU! Before choosing the custom details, be honest with yourself. What figure do you cut? Read the explanations for figure A,I,O,H and X. Check the box to the left which best fits your figure. This will give you some ideas when choosing a collar, sleeve and cuff on the bottom half of this page.

☐

### Narrower bust, wider hips.

Accent your "A" figure by choosing tuxedo, full collar or hoods to draw attention AWAY from your hips. Pattern on sleeves - diagonal or dolman look great.

NO-NO's for the 'As' ~ Jackets - they stop where you hips start.

☐

### Bust, waist, hips fairly even, slender body.

Accent your "I" figure by choosing patterns to give the appearance of fullness. Fuller collars, fuller cuffs, fuller sleeves.

NO-NO's for "Is" ~ Tuxedo collars - they will make you appear more slender

☐

### Bust and hips, fairly even, larger waist.

Accent your "O" figure by choosing styles to appear taller. Use straight line features -straight sleeves, no cuffs, stand up collars.

NO-NO's for "O's" ~ Additional features in sleeves -they draw attention to the center.

☐

### Bust, waist, hips fairly even, fuller figures.

Accent your "H" figure by choosing up & down styles will give the appearance of height. Tuxedo collars are best.

NO-NO's for "H's" ~ Jackets with long fur will make you appear very full.

☐

### Bust & Hips fairly even, smaller waist.

Accent your "X" figure by - lucky you - choose the features you like, use several features, fuller collars, sleeves & cuffs.

NO-NO's for "X's" ~ very few.

Now that you've determined which figure fits you, you can make a better choice on which collar, sleeve and cuff that you want. Yes, it's your choice at USA Foxx & Furs! Pick a collar, sleeve and cuff that's best suited for your lifestyle and your figure. It's as simple as A, B, C!

### HOW LONG DOES IT TAKE TO MAKE?

Once we receive your tanned Pelts we usually take 3-8 weeks. During the peak season it may take longer. Custom manufacturing your fur garment is all done by very skilled professional furriers with a great deal of experience. Since we do not get paid in full until it is complete, we WILL NOT sacrifice quality for speed. We'll do it fast and we'll do it RIGHT. We guarantee it.

### WHAT ABOUT RUSH SERVICE?

It is available, just ask for details.

### WHAT LINING DO I GET?

- Color coordinated satin lining. It is long wearing and easy to clean.
- Premium silk lining is available for \$150 additional. Use with the premium garments.
- Initials, if requested, will be embroidered into your lining for an additional \$10.
- Pockets
- Appraisal- for insurance purposes
- Fur garment home storage or travel bag

### WHEN DO I PAY FOR GARMENT

#### & BLANKET ORDERS?

- Garment & Blanket Orders - 3 equal payments- usually 1/3 with the order, one payment in the summer & 1/3 upon completion. We can send a payment schedule with your invoice.
- Send no money with your order; upon receipt of your furs and order, we will send an invoice with a payment schedule.

### HOW DO I PAY FOR THIS?

- Check or money order
- Credit card (Master Card, Visa, Discover or American Express)

### WILL I BE SATISFIED?

**YES**, we guarantee it with a 100% money back guarantee. If you are not satisfied just return it to us within 30 days and we will refund all the monies you have paid us.

### HOW DO I KNOW YOU'LL USE MY PELTS?

We tag each pelt with your own number on a plastic tag that stays with the pelt during its entire journey with USA FOXX & FURS.

### WILL MY EXTRA PELTS BE RETURNED?

**YES**, if there are any extra pelts after your order is complete we'll return any FULL Pelts with your garment. We will return the tanned tails with the garment if requested. We do not return the fur scraps.

# How do I **PREPARE** my pelts for tanning?

## **FROZEN** Preparation

- To prevent fur slippage, skin AS SOON AS POSSIBLE and put in freezer immediately.
- DO NOT SALT A PELT before freezing as salt prevents freezing. (Only salt and dry a pelt if it has been fleshed properly).
- After skinning, avoid rolling pelts in a tight ball to freeze. Instead, lay pelt open and let it cool from any core temperature before folding flesh to flesh and freezing.
- If you have fleshed your hide properly do not freeze it. Instead salt dry or stretch dry the hide immediately. This will reduce the risk of hair slippage by eliminating additional freezing and thawing.

## **FLESH/DRY** Preparation

28

- To prevent fur slippage, skin and flesh AS SOON AS POSSIBLE.
- Remove all fat and tissue layers COMPLETELY. (Failure to do so may cause slippage, hard brittle patches or holes in pelt during tanning).
- DO NOT FREEZE AFTER FLESHING (Try to avoid the freezing/thawing process as much as possible).
- Place on stretcher and hang to dry. If the pelt is split up the belly, tack to a board or lay on wire mesh skin side up to dry. Avoid any overlapping of the skin as this will cause the pelt to rot. You do NOT have to turn skins fur side out.
- Allow pelt to dry completely (shipping a damp or moist hide will run the risk of spoilage).

If you live in these states, send your frozen pelts by 2 day Fed EX or UPS Blue Label. You do **NOT** need to send overnight, simply confirm with your carrier that your shipment will be delivered in 2 days or less. Be certain you do **NOT** send by regular UPS or FedEx or US Mail; you are risking spoilage of your valuable furs.

If you live in these states, send your frozen pelts by regular UPS, FedEx, or SpeedDee Delivery. We'll get your shipment from the above states in 1-2 days and that is fine.

**SEND FROZEN PELTS  
TO US ON A  
MONDAY OR TUESDAY  
ONLY!**

# How do I **SHIP** my pelts?

Getting your pelt tanned is at your own risk! Proper preparation is crucial for best results.

## My Pelts are **FROZEN**.

1. Pack pelts in a plastic bag like the picture below to prevent any leakage during shipping.
2. Place frozen pelt in a plastic bin and insulate with foam or newspaper (A disposable styrofoam cooler works well if placed inside a box).
3. Make sure package is sealed and taped well.
4. Send frozen pelts **ONLY** on a Monday or Tuesday by two-day shipping service so we receive your pelt before and thawing occurs.
5. Write "Fleshing" on the outside of your box.

**\*\*NO PACKING PEANUTS PLEASE\*\***

## My Pelts are **DRIED**.

1. Make sure pelts are completely dry before shipping (sending a damp or moist pelt will run the risk of spoilage/bald spots)
2. Fold pelt as needed and place in smallest box possible for lower-cost shipping.
3. Ship at your convenience (when the pelts are dried, it is **NOT** necessary to send package by two-day service).

**\*\*NO PACKING PEANUTS PLEASE\*\***

## WHAT DO I INCLUDE WITH EVERY SHIPMENT?

- First and Last Name
- Phone Number
- E-mail Address (we can e-mail you when your hide arrives)
- Billing/Shipping Address
- Trapping/Hunting License Number
- List of Items Enclosed in Box
- Description of what service you want provided by USA FOXX

## F.A.Q. about USA FOXX services.

### Will USA FOXX notify me when the pelts/hides arrive?

If you provide an e-mail address with your order, USA FOXX will:

- Notify you when your pelts are inspected (1-3 days)
- Alert you to any potential problems before sending the pelts through the tanning process

If no e-mail address is included with your order, an invoice will be mailed as confirmation of receipt.

### When do I pay for this?

USA FOXX accepts payment:

- Any time after receiving your order's invoice.
- 50% with order 50% upon completion
- 100% upon completion by credit card or COD

### How can I pay for this?

USA FOXX accepts payments by:

- Credit Card (Discover, Master Card, Visa and American Express)
- Personal checks
- Money orders
- Good old fashioned cash!

### How do I know I'll get my own pelt back?

- Each pelt is tagged with an order number that is specific to your name/account
- Tag will remain on the pelt through the entire tanning process.

Every effort is made to return each customer their own pelts.

### How long does it take to tan?

Our tanning completion times vary at different times of the year due to increased volume or decreased volume.

We will put an approximate completion date on your invoice, this is not a guaranteed day of completion

### Can I get my skulls returned?

- If requested, USA FOXX will return all skulls at an additional cost of \$1995 per order)
- Skulls will be shipped early in the week sealed in a plastic bag.

We NO LONGER clean/whiten skulls.

### Will my pelt be smaller when I get it back?

- Yes, it will. Your pelt will come back to you approximately 10 to 15% smaller!
- You can always wet and re-stretch your skin to obtain its original size.

(We use a salt and alum tan so this process will not harm your pelt.)

### Does USA FOXX do taxidermy tanning?

At this time USA FOXX does NOT specialize in taxidermy tanning.

### Can I send a skunk if it smells really bad?

- No, do not send or bring us skunk if they smell bad. The Post Office, UPS, FedEx may threaten to discard your whole package.

We NO LONGER flesh skunks, but we DO tan them.

## Tip: Preventing Slippage/Bald Spots After Tanning

This occurs when a skin is NOT prepared quickly and decomposition sets in due to the animal's natural bacteria. This bacterium starts working immediately and will, until the skin is frozen, dried or salted. Felines (Bobcat & Lynx) are the most susceptible to this problem due to the type of natural bacteria they contain. Most everyone has thrown a critter into the home freezer because you didn't have time to skin it right now. First of all, the critter with all the skin and fat will NOT freeze rapidly and secondly when you pull it out to thaw, the top will thaw quickly while the part on the ground won't. Generally speaking, if it smells you should expect problems. Pay extra attention to ears and dry carefully or use EXTRA salt in the ears to prevent slippage. The best way to freeze a pelt is lay the pelt out flat in your freezer until cool. Then roll the hide up and let the whole hide freeze. If you put several rolled up pelts in a home freezer, just remember it may be several days before the center pelts are frozen, this additional time allows for bacteria to work even though you thought it was frozen. Just remember the tanning process can NOT make the hair come off, only improper care prior to tanning will make this happen.

| \$75  | Elk            |
| \$100 | Bear or Moose  |
| \$100 | Cow or Buffalo |

\* Must have CITES tag on each pelt

Add ~~\$~~20.00 per animal if you send the whole carcass.

We will e-mail you when we process your order if email is provided. Keep in mind that not all boxes are processed the same day as delivery during busy periods.

All skunk must be scraped and dried before shipping.

Bear fleshing includes turning the eyes, ears, lips and paws.

## Stop-Rot™ Will STOP Fur Slippage/Fur Loss

Stop Rot was developed as an aid in preserving fur, hair and epidermal slip. It extends the work time of a fresh hide by slowing down or stopping decomposition.

In essence it is a short term preservative. Highly successful on preventing slippage and bald spots.

One quart will do about 3 Bears, 20 Bobcats, 12 Coyotes or 9 Deer. Use it on all questionable hides and pelts. \$16.75 per quart; add \$500 for shipping if this is all you ordered. If we include with the rest of your order, SHIPPING IS FREE.

Once we receive your pelt/hide, our fleshing team will go to work immediately on your fur. At USA FOXX & FURS we flesh over 5000 pelts/hides annually. Just follow the instructions on pages 28-29 to ship it to us.

# Standard Tanning Service

## America's Best Tanning Value

32

Our tanning completion times can vary depending on the pelt type, time of the year, current fur prices, and when USA FOXX receives your hide. Large game (including Bear, Deer, Cow, Sheep, and exotics) can take up to 9-14 months, Beaver can take up to 6-8 months and other standard fur-bearing animals can vary from 4-6 months. It is best to send in Big Game animals (Bear, Deer, Cow etc.) Between October and December as batches are being processed more frequently at this time due to hunting seasons. Hides received outside of this time frame may take longer to complete. We will provide an estimated due date for your hides on your invoice once we receive them. However, this is an approximate due date and it is subject to change without notice.

Getting your pelt tanned is at your own risk! Proper preparation is crucial for best results.

## Repairs, Alterations & Restyling

### KEEPING YOUR FURS IN STYLE

With proper care fine furs can be maintained for many years, but they do get out-dated. Due to their intrinsic value they are worth keeping in fashion. A coat may be restyled or completely redesigned into an entirely new garment, such as a jacket or vest. Only an experienced furrier has skills to determine how you can obtain the most value from your original garment, the experience to do the matching re-cutting, and sewing so that the finished garment will have the appearance of authentic newness. It takes an adequate supply of extra pelts, to provide additional fur when needed to correctly match the original fur. With complete factory facilities and skilled personnel. USA FOXX & FURS has "what-it-takes" to obtain superb results in relining and restyling of your furs.

### REMODELING

USA FOXX has experienced people to make repairs, alterations & restyling to your fur garments. If your fur happens to "SHRINK" since you wore it last, no problem. We can enlarge it to fit you again. If you need new collar, new cuffs, new lining we can help you.

Take it in...

Let it out...

Or add something new.

35

Accessories - USA FOXX can custom make just about any fur product. We add fur trim to hoods, gloves and boots. We can make a fur scarf or boa for that special occasion, or fur pillows and even stuffed animals. Give us a call with your creative fur ideas.

## FUR STORAGE

USA FOXX Furs Storage has the Nation's Best Value in Summer Fur Storage \$79

This special price includes: storage in our cool, climate controlled fur vault. Cleaning & Glazing which will keep your fur shiny. Free inspection for small rips, closure & lining problems. Insurance of \$1500 while in our care or transit.

Annual fur storage will provide proper care for your fur garment. You will, like many of our continuing customers, be able to enjoy your valuable fur garment for 15 years or more!

## DO YOU MAKE OTHER TYPES OF HATS?

Yes, we custom make different  
types of hats all the time. Send us a  
picture or draw a detailed diagram.

## CAN I GET A LEATHER BILL OR WOOL EAR FLAPS FOR MY HAT?

Yes, add \$1000 for either.

## TANNING QUESTIONS?

Check out pages 28-33

## WHAT IF I DO NOT HAVE ENOUGH FUR TO MAKE THE ITEMS REQUESTED?

We will normally email or call you  
and explain the issue. You can decide  
if you want to send us another pelt, if  
we should add leather to the hat/item  
or use one of our matching pelts for a  
nominal/market price.

## HOW DO I KNOW WHAT HAT SIZE TO ORDER?

Small: 21" - 21 5/8"  
Medium: 22" - 22 3/8"  
Large: 22 3/4" - 23 1/8"  
XLarge: 23 1/2" - 23 7/8"  
XXLarge: 24" and up

39

## WHAT IF I DON'T KNOW MY HAT SIZE?

You can measure your head using a  
soft tape measure.

Measure your head all the way  
around were a ball cap would rest. For  
women's pixie style hats measure over  
your ears.

If you do not have a soft tape  
measure use a string and then  
measure the string.  
Supply this measurement to us in  
inches.

## WHAT IF THE HAT IS FOR A GROWING CHILD?

If the hat is for a growing child give us  
a current head measurement as well  
as their age. We will cut the hat large  
and shrink it with elastic. We do this  
for \$500

How long does it normally  
take to make a hat?  
Please allow an additional month to  
custom manufacture your hat.

### THE DIFFERENCES BETWEEN THE RUSSIAN, TROOPER & ALASKAN:

The Russian has a  
FLAT crown (looks best  
with shorter & mid  
length furs).

The Trooper has a  
ROUNDED Crown  
(looks best for taller  
men with short or mid  
length furs).

The Alaskan has a  
ROUNDED Crown  
& NO FRONT FLAP  
(looks best with longer  
furs).

We offer American's BEST SELLING hats  
at an unbeatable price. We guarantee this to  
be your finest hat you ever owned. Please  
remember, unless you are a young stud,  
this fur hat may out last you! Standard is  
all fur (fur crown, fur back & flaps inside  
and out) or if you are short on fur select  
with leather crown, back & inner ear flaps.  
Choose a leather bill or wool ear flaps  
(\$10.00 for either) on any hat.

## ABOUT MY BEDSPREAD

### What type of backing do you use?

We use quilted cotton backing in Cream, Brown, or Black. If you would like to use a custom backing that you have, just send it with your order and we will install your backing for no extra charge. We also offer a silk backing. The silk backing comes in colors Copper, Brown, or Black. USA FOXX will install the silk backing with a 1" cotton padding. It will be the finest and softest possible. Select only when you want the best. Additional Cost:

|            |       |
|------------|-------|
| Super King | \$195 |
| King       | \$125 |
| Queen      | \$95  |
| Full       | \$75  |
| Twin       | \$65  |

### How long will my bedspread last?

Normally your bedspread will last a lifetime. In order to ensure a lifetime of your blanket USA FOXX recommends that they be cleaned every other year. Please allow two weeks for this process. We will take off (replace if desired) the lining, clean and glaze the bedspread. USA FOXX also offers summer storage from early spring to fall, if you would like more information on storage or added to this mailing list please give us a call. We charge \$139 for this service.

### Can I use more than one type of pelt for my bedspread?

Yes, often using a different type of fur for the border is outstanding. Plus, we often make bedspreads using 2-3 different types of fur. We like to get creative. We have furs available if you do not have enough. Another option is to dye and or pluck/shear some of your furs. Some of the best bedspreads have this type of boarder on inlay design. If you want an inlay design just add \$50 (as in F on page 47). Plus the plucked and sheared Beaver is very soft on your face. Muskrat boarder is another excellent choice. USA FOXX is here to help. We have worked with many types of fur and can do an excellent job helping you design your custom bedspread for no additional cost.

### Can I put a fur border around my bedspread?

Yes, some of the most attractive bedspreads have borders around them. We provide this service for only \$50 additional.

### How big will my bedspread be?

We will make the bedspread to the size requested and it will cover the top of a bed. If you do NOT have enough fur to make it this size we will notify you, we have extra fur if needed. If you have extra pelts we will return with the order. If however, you want us to use ALL of your fur in your bedspread, to increase the size, we will do so. Just tell us with the order to make as large as possible.
